BOLTON ON PRESIDENT OBAMA

(THINGS YOU ALREADY KNOW BUT WISH YOU DIDN'T)

The Hon. John R. Bolton, U.S. Ambassador to the U. N. (2005-6) sounds the alarm (as more than a few patriots are doing in these stressful "Obama times") on how President Obama is undermining American leadership in the world and our freedoms under the Constitution.

He says: "As a former U.S. Ambassador to the U.N. I know what America must do to protect our borders, our citizens, and our way of life, not just from terrorists, but from the long arm of U.N. "globalists". He's written a book "How Barack Obama is endangering our National Sovereignty" and says Obama's and Secretary Of State Hillary Clinton's efforts to circumvent the U.S. Constitution and the American people's rights to self-governance appall him.

He calls Obama a self-described "citizen of the world", who wants America put under U.N. controls - which means a whole slew of bad things - like the U.N. telling us: when we can take military action to defend our own country; - to charge foreign terrorists in civilian rather than military courts; - to accept "open borders" immigration policy in the name of human rights; - to have our 2nd Amendment rights taken away; - our death penalty outlawed; - pay taxes to the U.N.; and numerous other restrictions over our citizens, including U.N. "NCO's" (traitorous non-government organizations) telling us what to do.

Already Obama and Hillary have sued Arizona stating its law enforcing federal law on illegal aliens is a human rights abuse! Bolton says citizens must maintain their vigilance in defense of liberty. The American people do not realize what Obama is doing to undermine our American self-government!

Because he is the U.N.'s "citizen of the world in the White House" he won the 2009 Nobel Peace Prize while in office less than a month after his nomination "for his extraordinary efforts to strengthen international diplomacy and cooperation between peoples."

Bolton states "As a former U.S. Ambassador to the U.N. I know the threat globalists there pose to America's national security and sovereignty. In Barack Obama, we have a worse globalist threat with a post-American president in the White House when we should have a patriot who is proud of our nation."

A NEW CURRENCY FOR U.S.?

And Sarah Palin on India and China

(Mar.20 email): Ex-Alaskan Governor Sarah Palin visited India and Israel recently, raising speculation she wants to burnish her foreign policy credentials before a possible 2012 presidential run. She told Indian business leaders, professionals and socialites that U.S./India relations were key to the freedom of the world. "Free people that make up a free country don't wage war on another free country," she said. She questioned the Chinese military's ascent, saying the Communist country's stockpiling of ballistic missiles, submarines and "new-age, ultramodern aircraft" seemed unjustified when it did not face an outside threat. "What's with the military buildup?" she said. "China's military growth can't just be for defensive purposes."

(Note, jf: While we know many Christians living in India today are far from free and are still persecuted and denied freedom of religion (the U.S. does send many missionaries there trying to help them also) the U.S. does need to welcome any friendship from other nations today!)

Gary Kah, Pres. Hope for the World, Spring 2011 issue reports:

"We learned from an undisclosed source that the U.S. has begun talks with China over a new currency (possibly a shared global currency). China has already reached an agreement with Russia, deciding to cease use of the U.S. Dollar as their chief international trade currency. Things seem to be happening quickly on this front, but no one is certain about when a new currency system will be formally introduced....The timing of this depends on what happens with the U.S. economy, which depends to a large degree on what happens with oil prices."

PLANNED PARENTHOOD: CONGRESS COULDN'T STOP THEM FROM KILLING MORE BABIES? SUCH A DISAPPOINTMENT!

So far this year, at this writing, 93,474 babies have been aborted, mostly in Planned Parenthood facilities. (One on-line source said one every 11 minutes!) The organization claims that 98% of its money is spent to help women with health problems, preventative health, mammograms, counseling, etc., and very little on abortions. But we know the truth is that killing babies is their main priority. The government so far this year has funded them with \$98,709,259. Many of our congressmen wanted to defund PP, but it was left out of the items to be cut down in this last emergency bill passed by them. We know President Obama didn't want them defunded - he gets millions of dollars of campaign funds from them!

We are thankful there are many groups working against this blight in our land, some of them Republicans for Life, headed by Phyllis Schlafly, Survivors (of the Abortion Holocaust!) - groups of young people that for 20 years have been fighting for the rights of the babies in the womb; Operation Rescue; Concerned Women of America, etc.

Life Legal Defense Foundation keeps trying to battle Planned Parenthood with lawsuits for a number of offenses they have committed. The National Right to Life and the American Center for Law and Justice are two more in the battle against this monstrous baby-killing group! (As usual we don't see our mainline churches getting on the bully pulpits and crying out against this slaughter of our children - Where are they in this fight to save human lives?!)

Ps. 139:13 states: "For thou hast possessed my reins; thou hast covered me in my mother's womb." The Lord has much to say about those who would harm his little ones. In the Old Testament it was punishable by death to smite a woman with child, endangering it.

Just recently we've learned that Planned Parenthood wants to provide contraceptives to our eleven and twelve-year olds! No doubt they would counsel them that it was all right to kill their babies if they became pregnant. The mother instinct once nurtured in the child as she played with her dollies is now replaced with the false belief that the baby inside her is not really human yet, so not to be grieved for - it's just something to be aborted!

OIL - WHERE'S OUR ALASKAN PIPELINE?

Hope for the World, Spring 2011, Gary Kah, Pres/Ed: "Three years ago oil prices started escalating at a steady rate. By summer 2008 \$4/gallon gas prices had begun tipping the scales of American households, forcing the housing bubble to burst. Families that were already stretched couldn't afford the extra \$1,000-\$3,000 per year for gasoline. It put them over the edge... This year experts predict they could top \$5. by mid-summer..."

Kah says this will lead to a larger financial crisis - bursting the state and municipal debt bubble sometime later this year or

2012...Nearly 100 city and state governments are on the brink of bankruptcy.

A 4/10/11 email gave a video of Cong. Don Young (Alaska) giving his speech in Congress giving the facts about the Alaskan Pipeline – a speech the media ignored. In 1976 the Alaskan Pipeline produced vast amounts of oil. It took three years to build it (in Valdes) and they drilled and got 2.2million barrels. At that time we imported 39% of our oil; today we import 70%.

Young said, “We need debaters on the floor! Who is for domestic production?!...here is a lack of will to produce...the EPA, for one doesn’t want drilling as ‘it will affect our wildlife’”. He said we have huge amounts of oil, coal and other sources of energy – and yet our Congress sits by (and does nothing)!

Young referred to his bill #6109 “Open Anwar” – “This needs to be done!” He said former President Bill Clinton vetoed the bill as he said it would take 10 years to produce. This was 13 years ago – if we had built it then we would have over 1 million gallons a day! We can build another pipeline! Let’s drill for the good of the nation!” (And as Sarah Palin tells us and tells us we have oodles of oil waiting to be drilled – “DRILL, BABY, DRILL!!”)

says Mr. Obama has betrayed the American people. Impeachment is the only answer. “This usurper must fall.”****In a previous newsletter we reported that the U.S. Justice Foundation was suing President Obama to make him show his birth certificate. Now USJF reports that Obama and his attorneys want to put USJF out of business. Gary Kreep, President, says they won’t give up even if they go bankrupt.***The Conservative Caucus, Chairman Howard Phillips, (March report) are circulating a National Ballot of 5,000,000 Registered Voters concerning whether the new Congress should launch an Impeachment Inquiry into President Obama’s all-out assault on our U.S. Constitution and on our free enterprise system.

SPEECH GIVEN BY DREW GIBBS TO HIS CLASSMATES (March, 2011)

The definition of philosophy: The rational investigation of the truths and principles of being, knowledge, or conduct.

The bases of all arguments rest on this single topic. For instance, should we have gays in the military, should America ban fast food chains to reduce obesity...? So if we are to have an opinion or a voice on any such matters shouldn’t we know what the real foundation of all of these arguments is? Shouldn’t we search for the truth and not just take others idea’s for granted? Should we all just live in ignorance?

Philosophy can be simply defined as an explanation for the unknown. No one can factually KNOW the unknown; there is obviously no proof for it. But each person should still have some sort of an explanation for the unknown, this way they can have a justification for their actions and opinions. If one is to stand on abortion their stance should be more complex than a simple statement such as “It is my choice to do with my body as I please.” Or my favorite: “What if the person gets raped?” When you see this in a philosophical way, what this stance on abortion is really saying is that the satisfaction of life is only based on satisfying that particular person and the rest of the world resembles something more of servants and the rest of the world’s desires and needs are irrelevant, not at all equals. Contrary to this belief, if one was to stand against abortion, the philosophical reasoning could be that that individual believes that through God’s perfect will the child was brought into conception. Your stance on any argument should always be traceable to the foundation of what you truly believe. That is why it is important to ask yourself what you believe.

I can’t tell you the number of times I have heard immoral arguments from supposed Christians, this, although not always,

THE MESS AT THE WHITE HOUSE (IMPEACHMENT, OTHER OBAMA ITEMS)

Everyone, everywhere (at least those who are Patriotic) wants Obama OUT. Why can’t we get him out!??

Quoting from an article by J. T. Kuhner, Washington Times (the first public newspaper to call for impeachment):

“President Obama has engaged in numerous high crimes and misdemeanors. The Democratic majority in Congress is in peril as Americans reject his agenda.....Mr. Obama should be impeached....He is slowly, piece by painful piece, erecting a socialist dictatorship. We are not there yet; but he is putting America on that dangerous path. He is undermining our constitutional system of checks and balances; subverting democratic procedures and the rule of law; presiding over a corrupt, gangster regime; and assaulting the very pillars of traditional capitalism...Obama’s most pernicious aspect is the federal funding of abortion. Pro-lifers are now compelled to have their tax dollars used to subsidize insurance plans that allow for the murder of unborn children. This is more than state-sanctioned infanticide. It violates the conscience rights of religious citizens.”...Mr. Kuhner goes on to tell about Obama’s waging a frontal assault on property rights (his illegal handling of the BP oil spill); his calling for comprehensive immigration reform – granting amnesty to 12 million to 20 million illegal aliens – which would forge a permanent Democratic electoral majority, and sound a death knell for our national sovereignty; and states, “Corruption in the administration is rampant. Washington no longer has a government; rather, it has a gangster regime.” He

God and Golf?

Jesus, Moses and an elderly man are playing golf. Moses steps up to the tee and hits the ball. It goes sailing over the fairway and lands in the water trap. So Moses parts the water and chips only the green.

Jesus steps up to the tee and hits the ball. It too goes sailing over the fairway and lands in the water trap. Jesus just walks on the water and chips the ball onto the green.

Next, the old man steps up to the tee and hits the ball. It goes sailing over the fairway and heads for the water trap. But just before it lands in the water a fish jumps up and catches the ball in his mouth, then an eagle swoops down and grabs the fish in its claws. The eagle flies over the green and is hit by a sudden bolt of lightning, dropping the fish. When the fish hits the ground, the ball pops out of its mouth and rolls in for a hole in one.

Jesus then turns to the old man and says, “Dad, if you don’t stop showing off we won’t bring you next time!”

(Drew Gibbs, from p.2)

is mostly due to blindly absorbing the views of parents or peers on any such arguments. Not surprising, one of the most common places to find this type of ignorance is in high school, a place where quantity of knowledge is elevated above quality of knowledge. What I mean is having more to say is not always the better route than a short clear thought out explanation. A good example of this can be seen when viewing two opposing sides of homosexuality. One side states: "If God created the world, he obviously had a plan for it, that plan would have to have strict guidelines for it to be perfectly accomplished, those guidelines can be found in the Bible. Now if we are to follow the book that lays out the rules for our lives then we would have no choice but to be conclude that homosexuality is immoral and unnatural, which the Bible clearly states in Romans 1:27- "likewise also the men leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly..." This argument has a strong base because it can be traced down to the base that God is the sole authority. On the other hand a very common argument with no base would be "If you love someone you shouldn't be denied that love, no matter what sex they are." Or "they are genetically made that way. They can't control themselves." Even better, "sex is defined by society and not nature." Statements like these are just simply repeated statements with no base. With this understanding it is obvious that we can't just mindlessly take sides on an argument, we must line up our stance to what we believe is the base of the argument.

Being ignorant of the truth renders you useless when attempting to explain it. You cannot effectively plead your side rather all the energy is focused on tearing down your false statements when the energy could be at better use. Imagine if we all searched diligently for the truth that follows our foundation that we whole heartedly believe in, listening with an open mind. If we are not hypocritical with our stance on life then we can effectively represent our stance, knowing fully that we are at least not deceiving ourselves. James 1:22: "But be ye doers of the word, and not hearers only, deceiving your own selves."

(The Mess at the White House, cont'd from P. 2)

A father was at the beach with his children when the four-year-old son ran up to him, grabbed his hand, and led him to the shore where a seagull lay dead in the sand. 'Daddy, what happened to him?' the son asked. 'He died and went to Heaven,' the Dad replied. The boy thought a moment and then said, 'Did God throw him back down?'

-From an email

4/6/11 e-mail, CNN news clip: Obama states on this video that his father served in WWII (but it isn't true): <http://www.youtube.com/watch?v=Fv4jnlkxOaw> True facts: Obama's father was born 4/4/36; died 11/24/82, age 46. Five years old when WW2 started; less than 9 yrs. old when it ended. (This was before the Nov. 2008 election and the media never questioned him on this!) 11/21/2008 email has a video with Obama stating he was not an American, not born in Hawaii and came from Kenya. The pres. of Kenya was shown verifying this. (Note by ed: That video was obviously a hoax. 4/27 Pres. Obama released the Hawaii Certificate of Birth. 4/28 The "official" birth certificate was released. 4/29. This certificate was shown on the Alex Jones show, where he had an expert on that stated it had been altered three times and was a false birth certificate! When will the truth come out?)

9/7/2008, Meet the Press: Then Sen. Obama was asked to explain why he doesn't follow protocol when the National Anthem is played, i.e., he wouldn't salute the flag. (Note from ed: We gave part of his reason in a previous issue; another part of it follows.) "...We as a Nation, have placed upon the nations of Islam, an unfair injustice which is WHY my wife disrespects the Flag and she and I

have attended several flag-burning ceremonies in the past," Obama stated. "Of course now I have found myself about to become President of the U.S. and I have put my hatred aside. I will use my power to bring CHANGE to this Nation, and offer the people a new path...My wife and I look forward to becoming our Country's first Black Family. Indeed, CHANGE is about to overwhelm the U.S. of America."

Lt. Gen. (Ret) W.G. Jerry Boyken, in a 12/20/10 email: Maybe this fellow ought to run for president! Here are some quotes from him on the "CHANGE" Obama is giving us: "The reality is we are heading into Socialism: nationalization of the economy - that's what the bailouts were about - They have redistributed our wealth - that's what the health care bill is - The Dept. of Home Security put out a memo saying it was the right wing groups and returning veterans that were the terrorists, not the Islamic terrorists - We have censorship - most of the mainstream media is on the left and in favor of Socialism - The Hate Crimes legislation is targeted at pastors so they don't get up and talk about homosexuality in the pulpits - Gun ownership is to be curtailed - This is Marxism! - The president will sign the Small Arms Treaty at the U.N. giving them control over Americans' weapons -These things are what Cuba, Venezuela, Russia and China have done - Prior to his election President Obama states that if elected he would have a national civilian force as well-equipped as the U.S. Military. Hitler had that. - And the health-care bill legislation has paragraphs in it commissioning officers in time of emergency to work directly with the president laying the groundwork to control the population of America." Lt. Gen. Boyken said Americans should wake up and do what is necessary to fight for our freedom right now!

THE CARE BILL HB3200

Some items outlined by Judge Kithill of Marble Falls, TX: Page 50/sect 152: The bill will provide insurance to all non-U.S. residents, even if they are here illegally. Page 58 and 59: The government will have real-time access to an individual's bank account and will have the authority to make electronic fund transfers from those accounts. Page 65/sect 164: The plan will be subsidized for all union members, union retirees and community organizations, such as ACORN. Page 272/sect1145: Cancer hospitals will ration care according to the patient's age.

NEWS THAT STINKS BUT SHOULD BE PRINTED

(It isn't a "Hate Crime" if we merely tell the truth, is it?)

In the April Prophecy Observer, Pastor Noah W. Hutchings of Southwest Radio Church of the Air states: "Presently in 2011 Christians need to be concerned about those who are guiding this nations' youth." - "The educational system is no longer about education, but about money, unions, political power, and indoctrination. I spoke in schools in 1959 warning against federal aid to education, to no avail. Three years later prayer and Bible reading in school were judged unconstitutional by the Supreme Court. Since then our schools have plummeted from being number 1 in the world to being number 26." President Obama appointed a noted homosexual activist as the director of the Dept. of Education, just one of 150 high government positions to be filled by a homosexual. (Jennings and other homosexuals contributed \$100,000 to Obama's campaign.)

Hutchings says that Jennings (the appointee) conferred with Obama and set up "a new order for schools where teachers must monitor every student's activities during lunch and break periods, including cell phone calls, Facebook activity, and conversations. They must also have the students report on these conversations at home with family members and may 'require mandatory training for both students and their families.'" This was evidently enforced due to some so-called "school bully cases" (Hutchings calls them "planted news items") noted in the news media.

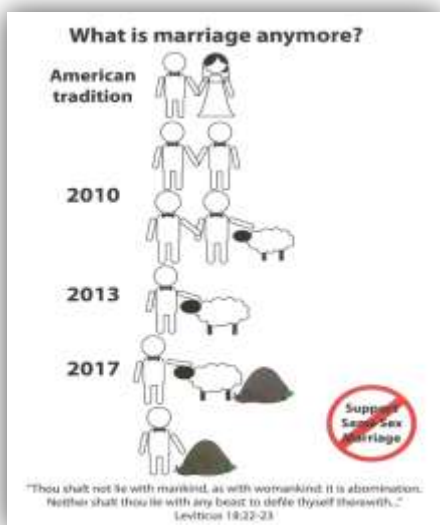

(cont'd from prev. page)

Hutchings states that the concern is that this new Obama policy is not really used to stop bullying, but to silence the opposition to or criticism of sodomy. (jf: Shades of Marxism and Mao!)

March, 2011, Prophetic Observer, from an article by Jerry Guiltner:

He quotes from One News Now reports: "Since Pentagon leaders are preparing to impose open homosexuality on those who protect the U.S. as members of the military, they have served notice that discrimination against the lifestyle will not be tolerated" ...This will directly affect those chaplains who staunchly hold to the truths of the Bible regarding homosexuality....Former U.S. Navy chaplain Gordon Lingschmitt (booted out of the service in 2007 for praying in Jesus' name) says the Obama Pentagon wants to purge evangelical, Bible-preaching chaplains by giving them an ultimatum: to "reconcile" with homosexual sin, or quit. He also said that many conservative chaplains are going to be persecuted by the Obama administration, which is "forcing these bad policies to punish chaplains who quote the Bible outside of the Sunday chapel."

Acts 5:29: "Then Peter and the other apostles answered and said, We ought to obey God rather than men."

IRAQ, AFGHANISTAN & PAKISTAN

Items taken from Military Mag, April, 2011: Most Afghans are tired of the decades of fighting and a majority of them are willing to try anything for peace. Even in the south, NATO troops have found that villages and valleys are willing to openly defy the Taliban if provided with some weapons and backup from NATO troops.

On Iraq: The Iraqi Army is hustling to get ready to deal with Iran by the time the last 50,000 U.S. troops leave at the end of 2011. Iraq has been able to recruit more Iraqi troops and equip more combat divisions. They now have Chemical Defense Regiments, and Iran is known to have chemical weapons. Their diplomats spend time trying to improve relationships with the Iranian leadership; but in case these relations fail, the Iraqi military is preparing for the worst.

According to milnet.com, China may be training Taliban members and planning to supply shoulder-fired anti-aircraft missiles.

Lewiston Trib, 4/14 (AP): Two U.S. missile strikes killed six Afghan Taliban fighters in a Pakistani tribal region, drawing sharp condemnation from Pakistan's government just days after it asked Washington to limit such attacks. The U.S. relies heavily on the covert CIA-run missile program to kill al-Qaida and Taliban fighters in Pakistan's northwest, and this is denounced by Pakistan; CIA security contractor Raymond Davis was freed March 16 after two months in detention for killing two Pakistanis. The U.S. said he acted in self-defense.

Fox News, 4/18/11: Donald Trump in one of his speeches lately

said he was sure that the Pakistanis know where Osama Bin Ladin is, that "how could they miss knowing where he is, kidney-dialysis machine and all?!"

(Jf: We've lost a lot of soldiers in these countries – and we've spent a lot of money helping them get built up – whether with defense, schools, whatever. Do they really appreciate what our soldiers and our country has done for them? And are our soldiers being treated fairly by our government? Certainly doesn't seem so if they are not allowed to even pray in the name of Jesus or to carry a Bible with them!)

LET'S PRAY FOR OUR SERVICEMEN AND WOMEN EVERYWHERE!

EVOLUTION - AGE OF EARTH - ADAM & EVE

Ken Ham, Answers-in-Genesis, Spring 2011: An article on "The World's True Age" states: "Did you know that we can actually figure out when the beginning of the world occurred? Indeed we can because we have the word of an Eyewitness: the Creator of the world.

"Many Christians claim that the beginning of the universe occurred billions of years ago. Sadly, they have accepted what secular scientists say about the age of things rather than what the Bible teaches. Mark 10:6, for example, quotes Jesus saying, 'He made them male and female at the beginning.' According to the Bible in Gen. Ch. 1, Adam and Eve were made on the sixth day of creation.

"Now if God made the earth billions of years before man, then Mark 10:6 doesn't make any sense.

"The creation of Adam and Eve on the sixth day of creation places them 'at the beginning' because they were created only five days after God made outer space and the earth.

"Therefore we can know the universe is about 6,000 years old."

Henry M. Morris, author of "The Genesis Record", (quote): "In these modern days, after two thousand years of Christian teaching to which the Sodomites never had access, what must God think of the current revival of homosexuality, manifest in "gay" liberation movements, political organizations, etc. not only among liberals, but even among some evangelicals?" This descent into degeneracy, both ancient and modern, is caused first of all by a rejection of God as Creator and Sovereign, equating ultimate reality and responsibility with the natural world (Rom. 1:21-25). In whatever specific form this type of philosophy may appear in a given generation, it is fundamentally nothing but evolutionary naturalism and humanism. No matter how impressive may be its scientific and philosophic trappings, underneath it is rebellion against the Creator, and it always leads sooner or later to gross moral depravity." (Jf: Henry, you didn't know it then but you could have been thrown in jail for hate crimes!)

ANOTHER OBAMA BIT...

Newsmax 4/18: The FEC is probing Obama's 2008 Campaign Finances because he raised a record-shattering \$750 million on his way to winning the 2008 presidential election. The Federal Election Commission is now taking a detailed look at the campaign's records and transactions, including an *unusual number of donations*.

Newsmax 3/18: In an exclusive interview with Newsmax, TV, former Mexican President Vicente Fox says his nation is at 'war' with drug cartels. He sharply criticized the Obama administration for failing to assist its beleaguered neighbor. Fox complained that 'Obama is thoroughly mixed up.'

Lt. Col. Terry Lahin, Army Physician, 18-yr. Army vet, served in Bosnia, 1990; in Afghanistan as Flight Surgeon, 2004; Bronze Star; served U.S. wounded and those of Afghan National Army and local people. Because "President Obama refused to release his birth certificate Terry felt that by disobeying his orders to go back to Afghanistan he could get the truth out about Obama's eligibility" Terry's wife writes in a letter appealing for help. He's been in Ft. Leavenworth prison and his friends have started a fund to help with his defense and care of his family.

IS
JESUS
COMING
SOON ? IS IT
TIME TO LOOK UP?

Calamities and strife abound,
And death and troubles all around.
An earthquake here, a typhoon there.
Homes are smashed – there's great despair!
Many are starving, homeless and living in fear,
And not only "rumours of" but real wars, are here!
"All these are the beginning of sorrows," saith the Lord.
"I've warned my followers about all this in my Word!"
"Be strong in the Lord and in His mighty power -
When that day of evil comes you won't cower,
Put on the full armor of God - take a stand!
Fight the powers of darkness in this land!
And when I return you'll be the one
To hear me say, 'Child, well done!'"

Even so, come Lord Jesus!

THE MUSLIM BROTHERHOOD CONNECTION?

Prophesy Observer, Mar. 2011, Pastor Noah Hutchings: (quoting from) "In W.W. II Hitler formed an alliance with the Muslim Brotherhood, resulting in the murder of over 6 million Jews in German. The same Muslim Brotherhood today sends jihadists into the world to bomb, pillage, and murder innocent citizens of other nations. The Muslim Brotherhood financed and planned the 9/11 destruction of the Twin Towers, killing over 3,000 Americans. It is the intent of this Islamic conspiracy to form a caliphate, a union of all Muslim nations into one empire, which would include the U.S. Even a solid alliance of all Middle East Muslim nations would make possible a united attack against Israel, and the U.S. and the European Union would not dare interfere or come to Israel's assistance. This is indicated in Zech. 14:1-2: 'Behold, the day of the LORD cometh, and thy spoil shall be divided in the midst of thee. For I will gather all nations against Jerusalem to battle; and the city shall be taken, and the houses rifled, and the women ravished; and half of the city shall go forth into captivity, and the residue of the people shall not be cut off from the city.'"

Hope for the World, Spring 2011, Gary Kah: (quoting from) "The situation in Egypt, even with the new military-controlled government in place is nothing short of a MAJOR CRISIS...Iran, Al-Qaeda and the Muslim Brotherhood are known to be the forces behind this uprising as well as the release of 15,000 prisoners into the streets of Egypt. The criminals are looting and raping. A Christian Egyptian woman was raped in front of her husband on their way to church. The churches continue to be bombed since the incident before Christmas.

"The uprising, which spread like wildfire across Tunisia, Egypt, Libya, and other Islamic countries, represents the takeover of the Middle East and parts of Africa by Radical Islam. It will attempt to spread its domination just as violently across the rest of the world. It has crossed the borders of America already.

"We have received (many) other reports of Islamic aggression against Christians."

Kah goes on to say, "One doesn't have to look far to discover the influence of prominent globalists in the Islamic Revolution." He gives as example Mohamed El Baradel, chief spokesman of Egypt's liberation movement and head of ICG (world government group), who works side-by-side with other elite board members who include George Soros, Zbigniew Brzezinski, Javier Soland (powerful leader in the European Union) and Wesley Clark (!) - ALL STAUNCH GLOBALISTS!

NEWS FROM HERE AND THERE

Glenn Beck, 4/14/11 email: Bolivia is drawing up a U.N. treaty which would give Earth the same rights as humans. These rights include but are not limited to life, pure water and clean air. This is a new attempt at an old U.N. desire: to impose global environmental regulations.

ApatheticVoter.com (11/14/10): Former Colorado Gov. Richard D. Lamm spoke at an immigration overpopulation conference in Washington DC, on how to destroy America. "First, to destroy America, turn America into a bilingual or multilingual and bicultural country"... "The histories of bilingual and bi-cultural societies that do not assimilate are histories of turmoil, tension, and tragedy" (and he gave Canada, Belgium, Malaysia and Lebanon as examples of those that face crises of national existence in which minorities press for autonomy).

American Family Association, Tim Wilmon, Pres., ltr (April 2011): The AFA has been boycotting Home Depot, home improvement giant, for using its financial resources and cultural clout to promote same sex marriage. Now they are promoting a BUYcott for Chick-fil-A, a company that has recently taken heat for its stand on Christian principles, and ask that everyone during the week of April 25-30 go to the nearest Chick-fil-A restaurant and make a purchase and express his/her appreciation for its stand.

Newsmax 3/18/11: MSNBC Host Lawrence O'Donnell said on his show that the Bible, specifically the book of Revelation, is a "work of fiction" to portray God as a mass murderer beyond Hitler's wildest dreams. No half smart religious person believes the Book of Revelation anymore." (Oh, oh - "in hell he opened his eyes"...and learned the truth! jf)

Newsmax.com 3/18/11: The Muslim Brotherhood, with the complicity of the Obama administration, has infiltrated the U.S. government at the highest levels and is influencing American policy that leaves the world's Christians in grave danger, warns internationally known evangelist Franklin Graham. Graham states: "We have these people advising our military and State Dept. We've brought in Muslims to tell us how to make policy toward Muslim countries."

NEWS FROM OUR MISSIONARIES

Pastor Sol. Joah, Tiangay, Pastor Weah, Bro. Duo, Refuge Baptist Church, Monrovia, Liberia: Pastor Joah said the speaker at the last conference held in Suu Town (200 mi. away) was "as great as Pastor Fowler was, being direct and calling out sins wickedness as you did" and "he did not play football as you did, but he believes in holiness, lifting up people spiritually as you did." They are thankful they are able to help more churches in the area with our support

Dan & Lou Freeman, Taiwan/China: Dan refers to the events unfolding in Japan "that have sent many fears throughout Asia - the possibility of a nuclear radiation cloud spreading across these nations has been in the news every day since the earthquake - The word of God being fulfilled right before our eyes." Plans for the young men's summer Bible Conference are underway, bringing them all together for prayer, training, and preaching this summer. His April report has good news of 11 people accepting Christ, 18 baptized; and bad news of persecution - one of their churches was raided during services last month and 45 people arrested and held in custody. Others were threatened and their Bibles taken away. Dan asks pray for their needs there that they may continue the battle for souls in Asia.

Chris and Elizabeth Robertson, Ixtlan, Mexico: Their March report tells about their travels back in the US (they had a two months furlough) where they had opportunities to present their

ministry to some new churches. They expected to arrive home to Ixtlan on the 15th, according to their recent email, and plan to start work on the church buildings right away. They are also starting a church in the small town of Terrero, near Ixtlan Del Rio.

Anthony Yamat, Filipino Missionary to Philippines: Anthony's last report (March) tells about starting home Bible studies and a children's ministry, with 15 kids and most of their parents in the Bible study. They've found a church building to rent in Pandi, Bulacan, but need repair money, about \$1,428.00, he says. They were hoping with God's help to start the renovation mid April. Anthony requests our prayers. Anthony is also engaged to be wed on Thursday, June 9th, 2011.

Sharon Goodman to Malawi, Africa: We've received Jan-April updates, letters and phone calls from Sharon recently, with her usually exciting news about her work in Malawi. The school at Mapanga is doing well, with new uniforms for the boys, new skirts and blouses for the girls. "Math is our students poorest subject because the Malawian curriculum does not insist on memorizing +, -, x and /." In Malawi child-rearing in a Biblical way is extremely lacking and once they are physically weaned, the children run loose with very little guidance. As with the Malawian ladies, also having insufficient educational backgrounds, "everything must be presented on a very low vocabulary level." She says she managed to get through the raining season without getting malaria. She and son Ron Goodman, wife Jeanne and kids were able to share time together in Spokane where Sharon stayed with her daughter there.

Ron & Jeannie Goodman, Morelia, Mexico: Ron has been sending his reports directly to us so that we now have more up-to-date news from them. They and the children have been in the States for several months now, and have received a letter stating that Jeanne's application for U.S. citizenship was accepted. (Jeanne was of Canadian birth.) Ron says the Lord miraculously supplied his replacement in the church at Morelia while they were away from the work. He flies back and forth to take care of things while Jeannie gets her immigration situation taken care of. Souls are being saved in Morelia, including several he led to the Lord on his last visit. They were happy for the chance to visit with Mom Sharon Goodman in Spokane!

Evangelist Don L. Bennett and wife Betty, with C.O.M.E.: Old friends from Ohio - still busy with the nursing home and preaching services in their Ohio area. We will be seeing them again in September for the fall revival with "old-time preaching" and singing.

MISCELLANEOUS PIONEER ACTIVITIES

March 27: Wedding Anniversary party for Rose and Alan White.

April 10: Dr. Arthur Houk and his wife, Shirley, of Colville, WA., visited with us. We enjoyed some old-time gospel preaching. Both are graduates of the Bible Inst. of Los Angeles. Dr. Houk earned a doctorate degree from Louisiana Baptist Theological Seminary in Shreveport. He preached for all three services Sunday. Both he and Shirley write letters to the local editor, giving appropriate and to-the-point Christian messages, quoting Bible verses as they relate to the current events of today.

April: Bible Inst. classes continue. Old Testament Synthesis, and Tabernacle (Sun. 6:00pm and Wed. 7:30pm), Pastor Fowler. N.T. Doctrines, 10:00am Sun., Alan White.

April 10: Member Teresa Hui received a general scholarship award of \$2,000 for LCSC. (Congratulations, Teresa!)

April 17: members went on visitation in the valley, handing out tracts and witnessing in the Normal Hill region in Lewiston, ID.

Plans for the three weddings are ongoing - a bridal shower was held Sat. *April 16* for Emma Riddle (she and Logan Fowler have set the date for *June 23*). Cecilia Hui and Brett Fowler have *July 8* as their wedding date; and Ramona Juhasz and Daniel White's, *July 29*. A lot of hustle and bustle to go on here at the church to prepare for these weddings!

FROM OUR WEBSITE

Visit our website, www.biblevslies.com for some interesting and informative tracts. Quoting from "The King James Version" written by Pastor Fred Fowler: "Heaven and earth shall pass away, but my words shall not pass away" Matt. 24:35. "The Lord either preserved His word or He didn't. I believe He did and you believe He didn't. Don't tell me you believe God preserved his word and then in the next breath say there are no translations of the Bible that are perfect. That is double-talk. It demoralizes the saint and glorifies the scholars of today who think they have to find God's word for us."

DO THE MATH! (YET ANOTHER OBAMA BIT)

A vast confederacy elected Pres. Obama, says an anonymous e-mail writer. When you consider who voted for him can you not figure he just MAY get in for another term? To name some: The feminists; the Planned Parenthood people; the unions; all the Democrats; half the Independents; all the Homosexuals; the Latinos - all the illegals; most all the blacks; the Socialists; the Muslims; the globalists; the big corporate groups aligned with the United Nations; the greens in the EPA; and just about every atheist and every kind of liberal-leftist there is that wants to kill our United States Constitution and our traditional way of life - chiefly - get God out of everything!
